

# Vascular function: essential to every organ and system.\*

## PROTECT WHAT PROTECTS YOU.

Breakthroughs in scientific knowledge have brought a critical structure to the fore: the endothelial glycocalyx. This slippery, micro-thin inner lining of every blood vessel in the body performs many important functions, including:

-  Supporting normal circulation\*
-  Harboring antioxidants, coagulation factors, and more\*
-  Regulating passage of molecules through to the endothelium\*

The endothelial glycocalyx supports every blood vessel in the body. That's hugely important for your vascular system.

## The gold standard for endothelial glycocalyx support\*

Arterosil HP® with MonitumRS® supports the structure and normal functions of the endothelial glycocalyx, the fragile inner lining of the entire vascular system. MonitumRS is scientifically shown to protect and restore the endothelial glycocalyx.\*†

Arterosil HP contributes to healthy vascular function in multiple ways:\*

- Arterosil HP supports normal circulation\*
- Arterosil HP helps support normal artery function\*
- Arterosil HP helps maintain a healthy artery wall\*
- Arterosil HP supports a healthy heart\*
- Arterosil HP supports a strong and vital glycocalyx—the micro-thin gel lining in your veins and arteries.\*

Every product comes with a 45-day, 100% money-back guarantee.

Made without gluten, dairy or soy. Vegan. Non-GMO.

**Directions:** Take 2 capsules daily, preferably one in the morning and one in the evening, with a meal, or as directed by your healthcare practitioner.

Arterosil HP®, MonitumRS®, and Calroy Health Sciences® are registered trademarks of Calroy Health Sciences, LLC.
